

*In Memoriam*  
*Professor Hans Knoop*

It's with deep regret that we have to inform the ISO/TC 211 community that Professor Hans Knoop died on Thursday October 8.

Professor Hans Knoop has been involved in the work of ISO/TC 211 since the start, for many years as the head of the German delegation. As he retired, he resigned from this position, but still was actively involved, among other things as the co-chair of the Advisory Group on Outreach.

We are grateful for the contribution by Professor Knoop to the work of the committee, and appreciate his professional loyalty and friendship.

We will miss his enthusiasm and dedication, and our sympathy is with his family.

Olaf Østensen  
ISO/TC 211 Chair

Bjørnhild Sæterøy  
ISO/TC 211 Secretary
