

N – indicates that the part is necessary reading for the given type of user

I – indicates that the part is informative reading for the given type of user.

10 Additional ISO 191** Standards

It is anticipated that additional 191**standards will be required as the ISO 191** family of standards is applied to specific application areas. Proposals for additional standards will be agreed by means of the normal ISO balloting process and shall conform to the ISO/TC 211 Guidelines for Quality Control.

11 Normative References within the 191** Family of Standards

The table below identifies normative references to 191** standards within each 191** standard:-

Standard	Normative reference within 19100
