6. Status report on WI 19133	Dr John Herring
7. Status report on WI 19134	Prof Tschangho Kim
8. Outreach strategy to other standards authorities	Chairman
9. Report to the Joint Steering Group	Chairman
10. Administration: email reflectors, web sites etc.	Martin Ford
11. Other business	All
12. Future meetings	All

NOTE.

1. Under item 4 *tour de table* I would appreciate to get a short statement from each member on their overall expectations of the Working Group and, on an entirely voluntary basis, the scope of the companies and organizations interested in following the WG work in the national bodies and liaisons.
2. Item 9 concerns the Joint Steering Group for Spatial Standards and related Interoperability chaired by Mr Olaf Ostesen and Secretariat, Norway (Mrs Bjornhild Sæteroy. This was set up 1½ years ago to coordinate between ISO committees and Consortia such as OGC. In fact, this was a joint ISO/TC 211 and OGC initiative. At the first meeting in September 2000, ISO/TC 211 was allocated responsibility to create this Working Group and to operate it in such a way to that the other interested Standards Authorities would want to cooperate. We need to report to the second meeting through the ISO/TC 211 delegation. (This meeting was delayed from September 2001 until June 2002 and will be held in London.)
