Venue: Kyoto Research Park  
17, Chudoji Minami-machi,  
Shimogyo-ku,  
Kyoto 6000-8813, Japan

The Agenda for the Working Group 2 meeting is attached. The main purpose of the meeting will be to report on Model Harmonization and Model Review work, and to assess its impact on the WG2 Programme of Work. Related issues to be discussed are the Swedish proposal (ISO/TC211/N756) for a 3<sup>rd</sup> CD for Spatial Schema and Rules for Application Schema, and the possibility of a Spatio-Temporal work item.

Please note that the ISO/TC211 9<sup>th</sup> Plenary will be held on **Wednesday 29** and **Thursday 30** September. Although the WG2 meeting is only for the Monday morning, WG2 national experts will need to be involved in other meetings taking place at Kyoto:

Subject to confirmation of the Editing Management Committee, **Editing Committee** meetings will be held for the following WG2 items. Separate notices will issue for these shortly. The 2<sup>nd</sup> CDs for the following parts are expected to be completed at these meetings:

- 15046-8 **Temporal** Schema: 13:00 **Monday 27** – 17:00 **Monday 27**.
- 15046-7 **Spatial** Schema: 13:00 **Monday 27** – 17:00 **Thursday 30**. **Note:** The work on Wednesday and Thursday during the TC211 Plenary will ONLY be necessary if the Committee decides to finalize the DIGEST and STEP profiles for inclusion in the 2<sup>nd</sup> CD.
- 15046-9 **Rules** for Application Schema: 09:00 **Tuesday 28** – 17:00 **Tuesday 28**.

Subject to room availability, the Project Team for 17753 **Schema for Coverage Geometry and Functions**, will meet on **Friday 1** October at the Kyoto venue. A separate notice will issue shortly. Note: This date has been chosen to maximize participation of OGC experts who are meeting in Tokyo the following week.

There is also a TC211 workshop on cultural and linguistic adaptability on 15:00 – 17:00 **Tuesday 27**.

On **Friday 1** October a TC211 GIS seminar involving local and TC211 experts will be held. It is open to TC211 delegates to no charge.

For those wishing to participate at the WG2 meeting, registration forms (ISO/TC 211 **N744**) obtainable either from your national body or by downloading the document from the ISO/TC 211 website.
